## GEOMETRIC ANALYSIS OF PROJECTS CARRIED OUT BY MICHAEL RICE

### *6.16- Hexada Projects*

The Seed of Life is a very famous and appreciated geometric shape and in this design it is combined with a radial pattern of six golden rays, dancing together to form a very unusual structure; in this case a center of reconciliation in a problematic community. The form in general and the feeling is like the push of a Sufi dancer, or of a soft tornado that is going to land.
